

**Northwestern University**  
**The Feinberg School of Medicine**  
**Department of Physical Medicine and Rehabilitation and the**  
**Rehabilitation Institute of Chicago**

We are conducting a  
RESEARCH STUDY ON

***Dance and motor learning in children***

to investigate motor learning in children in a fun way using virtual reality displays. To be eligible for the study your child must be between **8 and 12 years** of age and *developing normally* or have been diagnosed with **cerebral palsy**.

There is no direct benefit for participating in the study. However, this study will help understand the mechanisms for movement control and learning in children. Participants will receive compensation between \$20 and \$25 per session.

Testing will take place at the Rehabilitation Institute of Chicago, 345 E. Superior Street, 13<sup>th</sup> floor, Chicago, IL 60611.

For further information please contact Dr. López-Ortiz at (312) 238-4401 or **c-lopez-ortiz @northwestern.edu**
